

AKASH DANELIYA

Frontend Developer | Email Developer

+91 8517029246 | akashdaneliya15@gmail.com | Gwalior (MP), India

PROFESSIONAL SUMMARY

Frontend Developer with 1+ year of hands-on experience building responsive websites and high-converting email templates. Skilled in translating Figma designs into clean, optimized HTML/CSS code with strong focus on performance, responsiveness, and cross-browser compatibility. Experienced with Klaviyo email workflows and UI implementation. Seeking to contribute to scalable, user-focused web products.

WORK EXPERIENCE

Digital Publishing Artist (Email Developer)

Caterpillar signs pvt. ltd. (Group Bayport)

- Designed and developed responsive email templates using **Figma, HTML, and CSS** for marketing campaigns
- Built and deployed **30+** email campaigns using **Klaviyo**
- ensuring cross-client compatibility (**Gmail, Outlook, Mobile**)
- Improved email rendering consistency across devices by implementing tested responsive layouts
- Collaborated with marketing and design teams to deliver campaigns within tight deadlines
- Managed campaign updates and tracking through **JIRA workflows**

Frontend Developer / Web Designer

Nxtlife Technologies

- Developed responsive websites using **HTML, CSS, Bootstrap, and JavaScript**
- Converted UI/UX designs (Figma/PSD) into **pixel-perfect web pages**
- Improved website **performance by 30%** through optimizing images, CSS, and layout structure
- Ensured **cross-browser compatibility** across Chrome, Firefox, Edge, and mobile devices
- Worked closely with developers and designers to deliver projects on time
